Hi Debby:

I hope this email finds you well. I am sure you are busy right now but I wanted to invite you to participate in our Young Women's Leadership Conference. We host an annual Young Women's Leadership Conference for high school girls from across Los Angeles. At the end of the day, we host a Networking Reception, giving the girls an opportunity to build relationships with women from a variety of sectors who may ultimately become their mentors. I think you would be a terrific addition to this group of women. If you're available this Saturday October 20 from 3:30PM – 4:30PM, we'd love to have you join. Let me know if you're able to make it, and I'll add you to the list, or you can fill out the form [here](#).

With best wishes,
Meghan

Debby/Tony - Hope all is well. Two questions - First, we are now working on an item that is going before CPC on October 11th relating to our student housing development. The project number is CPC-2018-898-ZAD-SPR. The project is located in CD 14, and we are engaging with them, but we would be happy to talk to your folks about this project since it is across the street from the 1st district. Is Gerald still the best contact?

Second, Martha informed me that Gilbert reached out and asked if USC could light our buildings pink in honor of Breast Cancer Awareness Month on Tuesday. Who in your office should I follow-up about this?

Ok, thanks. Will follow-up with Gerald on the case. Regarding lighting - he wants us to look into lighting up the Coliseum right? We are looking into that and also other buildings, and marquees on campus. Coliseum doesn't have capacity to light building pink, but they should be able to turn on the Olympic flame. Would this be ok? There are other buildings that are looking into whether they have pink lights. We can change add a message to our large marquee off the 110 South, but we just need the artwork. Do you know who we can request this from?

Fredy - Sorry I wasn't more clear. They cannot light it pink. They maybe able to light the torch it's regular fire color. The lighting of the torch is significant because it is rarely done. Let me finalize with them before you add.

Yes!

Copying Fredy to give you the artwork for the marquee.

We'd be so appreciative if you light the torch! But the marquee would be just enough if it's too much of a hassle.

Thank you David!!!

Debby/Tony - Hope all is well. Two questions - First, we are now working on an item that is going before CPC on October 11th relating to our student housing development. The project number is CPC-2018-898-ZAD-SPR. The project is located in CD 14, and we are engaging with them, but we would be happy to talk to your folks about this project since it is across the street from the 1st district. Is Gerald still the best contact?

Second, Martha informed me that Gilbert reached out and asked if USC could light our buildings pink in honor of Breast Cancer Awareness Month on Tuesday. Who in your office should I follow-up about this?

David

Attached are two pictures of what this looks like. Let me know if you need any type of description for this. Please add Los Angeles Memorial Coliseum to future communications if possible.

We'd be so appreciative if you light the torch! But the marquee would be just enough if it's too much of a hassle.

Thank you David!!!

Ok, thanks. Will follow-up with Gerald on the case. Regarding lighting - he wants us to look into lighting up the Coliseum right? We are looking into that and also other buildings, and marquees on campus. Coliseum doesn't have capacity to light building pink, but they should be able to turn on the Olympic flame. Would this be ok? There are other buildings that are looking into whether they have pink lights. We can change add a message to our large marquee off the 110 South, but we just need the artwork. Do you know who we can request this from?

Debby/Tony - Hope all is well. Two questions - First, we are now working on an item that is going before CPC on October 11th relating to our student housing development. The project number is CPC-2018-898-ZAD-SPR. The project is located in CD 14, and we are engaging with them, but we would be happy to talk to your folks about this project since it is across the street from the 1st district. Is Gerald still the best contact?

Second, Martha informed me that Gilbert reached out and asked if USC could light our buildings pink in honor of Breast Cancer Awareness Month on Tuesday. Who in your office should I follow-up about this?

Hello Mr. Cedillo,

Good morning. I am bringing light, in your district, regarding [USC's Housing Law Clinic](#) which according to an [agreement with the City of Los Angeles](#) (Please see email below), is supposed to provide free legal representation to anyone with Section 8 or living in RSO housing in the area considered, the Nexus Study Area, affected by the USC Village development. I know your team was helping your constituents with Housing Rights at Hoover Recreation Center just a few days ago, so pretty close to the USC Village.

Hope this helps.

P.S. I'm a fan of what you do for our less fortunate. Thank you. Attached is a picture of us, back in 2014, at the Raise The Wage LA rally.

God bless,

Jesse

Dear Paloma,

Hope this message finds you well.

My name is Jesse. I'm a graduate student at the USC Price School of Public Policy and currently overseeing a student organization called SC Trojans Neighborhood Association (CC'd). I just finished speaking with Genevieve (CC'd) who advised I reach out to you for help. I called your office at (213) 473-7009 but you had already left for the day. My home address is [2728 Ellendale Place, Apt. 8, Los Angeles, CA 90007](#), so I am a constituent of Mr. Curren D. Price. I'm reaching out to you for the purpose of discussing the USC Housing Law Clinic which doesn't appear to have been operating or to be currently providing any resources. I've called, left VM's, emailed, faxed, and even visited their once known location at the USC Community House on Hoover, but no one has responded (it's been over a month since I reached out). I was told by an employee at the USC Community House today that the person in charge of the Housing Law Clinic is no longer employed and that no further information was available.

Please see email below for the agreement between the USC and The People of Los Angeles regarding the USC's obligation to provide a Housing Law Clinic within the Nexus Study Area affected by the USC Village development. Here's my cell if you prefer to call me: (310) 392-3996.

Thank you for your time and consideration.

Respectfully,

Jesse Ramirez

Hello Mr. Galaviz,

Good afternoon. I haven't heard from VP Paysinger since he stated he was going to attempt connecting me with an attorney from the Free Legal Aid Foundation of Los Angeles. And I haven't heard from anyone else yet either.

Moreover, I continue to experience landlord retaliation from my landlord Nupac Apartments - who rents only or mostly to USC students. I would appreciate some free legal representation since I do live in an RSO building. Thank you.

God bless,

Jesse

Hi there,

My name is Stacey O'Brien, and I am the Community Engagement Associate at USC's Unruh Institute of Politics. At the Institute we place our best USC students at local organizations and offices for politically-engaged internships.

If your office is interested in having a USC intern in the future, my supervisor and I would love to come by your office to discuss our programs and your internship needs.

If possible we would like to meet with you before or during City Hall recess. If your office is looking for subject-specific interns like a Legislative Intern or Transportation Intern, we want to invite those corresponding directors to the meeting, as well!

Let me know if there is a good time for us to come by! Tuesdays, Wednesdays, and Thursdays between 10am - 4pm works best for us.

We look forward to working with you!

Best,

Stacey

Hi,

I wanted to follow up on this and see if this is something that your office is interested in. Our Director of Government Relations & Community Engagement, Meghan, and I would be happy to come by your office sometime in July, after the holiday.

Let me know!

Thanks,

Stacey

Hi Debby,

Our TRiO team is thrilled to have the Councilmember at this evening's ceremony. David Galaviz and Malaika Merid (copied here) will be available to greet the Councilmember upon his arrival. He can get dropped off either on Figueroa or on Jefferson before his driver goes to park. Feel free to have his driver call David when they are close so he can meet them and escort the Councilmember. His cell is (323)537-6987.

Will he be bringing staff for dinner? If so, please note if attending this event, the food/beverages are reportable gifts for those who do not have a speaking role.

Also, do you know around what time he will be arriving?

Thank you and let me know if you need any additional information before his arrival.

Hi Arturo and Debby,

USC TRiO programs, such as Upward Bound, have been serving our communities for generations. On Tuesday, May 22nd, the Trio Programs will be hosting their Senior Awards Ceremony to honor their graduating high school seniors who have been accepted to universities across the country. Given the Councilmember's personal history with Upward Bound, we would like to invite him to serve as the key note speaker for the awards ceremony, which will be hosted at the Galen Center from 5:30pm-7:30pm.

Attached is the invitation as well as a brief document providing background on the TRiO program.

Thank you and we look forward to hearing from you.

Good Afternoon Debby,

I understand that the Councilmember will be attending the awards ceremony. I just wanted to follow up to confirm. We are also waiting on a draft of the program, which we will send as soon as possible. I believe they were waiting to confirm him before finalizing a draft of the program. For scheduling purposes, they would like for him to arrive at 6pm. He would be the 3rd speaker in the program (to be introduced by Tom Sayles) and would speak for about 10-15 minutes. I imagine the latest he would speak would be 7pm. Either way, I will send the program upon receipt.

Let me know what additional information is needed.

Good Afternoon Debby,

I understand that the Councilmember will be attending the awards ceremony. I just wanted to follow up to confirm. We are also waiting on a draft of the program, which we will send as soon as possible. I believe they were waiting to confirm him before finalizing a draft of the program. For scheduling purposes, they would like for him to arrive at 6pm. He would be the 3rd speaker in the program (to be introduced by Tom Sayles) and would speak for about 10-15 minutes. I imagine the latest he would speak would be 7pm. Either way, I will send the program upon receipt.

Let me know what additional information is needed.

Subject: USC TRiO Senior Awards Ceremony

Hi Arturo and Debby,

USC TRiO programs, such as Upward Bound, have been serving our communities for generations. On Tuesday, May 22nd, the Trio Programs will be hosting their Senior Awards Ceremony to honor their graduating high school seniors who have been accepted to universities across the country. Given the Councilmember's personal history with Upward Bound, we would like to invite him to serve as the key note speaker for the awards ceremony, which will be hosted at the Galen Center from 5:30pm-7:30pm.

Attached is the invitation as well as a brief document providing background on the TRiO program.

Thank you and we look forward to hearing from you.

Best,
